LearnToSkateUSA.com

Dear Jackie Woodland,

Learn to Skate USA is proud to recognize Idaho Ice World Skating School for high honors in membership growth! Every year Learn to Skate USA expresses its gratitude and appreciation by recognizing programs with high membership ranging from 400-2,000 or more total members. Your program has achieved this honor with 499 total members for the 2016-17 season.

Skating in your area has grown by leaps and bounds thanks to your efforts, the dedication and commitment from your staff and is visible in the number of members participating in your program for the 2016-17 skating season. We are delighted to recognize you, your instructors, and support staff for a job well done.

A total of 80 programs are receiving special membership recognition awards; with 69 of those being given to programs with 400 or more members and 10 with 1,000 or more members and one with 2,000 or more members. A list of programs achieving this honor will be published in the November issue of SKATING magazine and the winter edition of the Learn to Skate USA magazine. This list not only acknowledges your accomplishment but also shares your success with our entire membership.

You will be receiving a commemorative plaque in the near future that we hope you will display at your facility with pride.

Again, congratulations to all involved in your accomplishment. We sincerely thank you and your staff for your continued support of Learn to Skate USA, the growth of skating in your community and send best wishes for your continued success.

Thank you,

Kimberly Hines / Director of Membership Development
